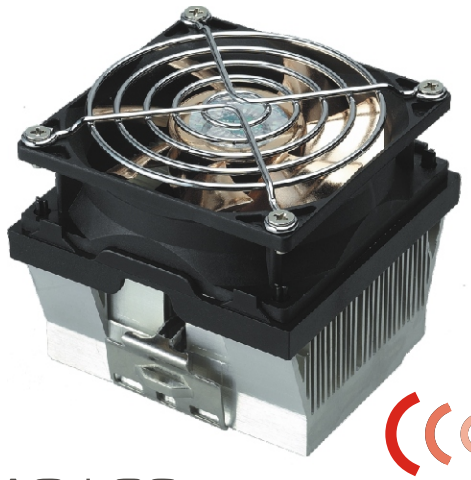
Technology of Evolution

COOLER MASTER

Xream™ II

PRODUCT RELEASE

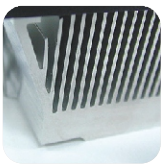


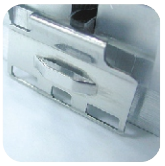
HAC-L82

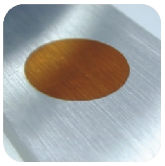
SILENT

Features

- Special Copper Cylinder Insertion process ensures perfect contact between copper and alloy.
- Back Pressure Reduction comes from special design fan cover with vent hole to prevent rebound back pressure.
- Easy installation.







SPECIFICATION / HAC-L82

Socket Type	Socket A, 370, 462
Heat Sink Dimension	60x80x45 mm & Cu. Base
Heat Sink Material	Aluminum extrusuion fin with copper base
Fan Dimension	80x80x25 mm
Fan Speed	2200 rpm
Fan Life Expectance	30000 hrs
Bearing Type	Sleeve bearing
Voltage Rating	12V
Noise Level	24 dBA
Connector	3 Pin
Weight	410g
Thermal Resistance	Rja 0.54 C/W
Application	AMD XP 3200+ and higher
